Re: Tonolli Corporation Superfund Site

Dear Mr. Babcock:

Enclosed for your reference is a copy of the sampling plan used by EPA's On-Scene Coordinator for the investigation of the lagoon on the Tonolli site property. Also provided is a flyer that has been distributed to the communities adjacent to Tonolli notifying them of EPA's plans to conduct a Public Meeting. The meeting is scheduled for 7:00 p.m. on Monday, November 20, 1989, with the primary purpose of communicating to the public the nature and extent of the Emergency/Removal activities taken at Tonolli. We also plan to offer a generalized description of the future activities, including the RI/FS and RD/RA. EPA will record all community concerns and comments raised during this meeting, and will make this information available to you and/or the group, if requested.

Please feel free to contact me if you have any questions regarding the enclosed material or public meeting plans. Also, please let me know if you are still interested in coordinating a site visit and review of site blueprints. Thank you.

Sincerely,

Dana M. McCartney
